CALL 811 BEFORE YOU DIG

Kentucky811 is an organization established to provide a communication link between excavators and operators of underground utilities.

Do you really need to call? YES! Don't make a judgment call; make a phone call to 811. Homeowners often make risky assumptions about whether or not they should get their utility lines marked, but every digging job requires a call - even "small" projects like planting trees and shrubs.

McCracken County Tax Administrator
