

MEDICAL EXAMINER REPORT

A Medical Examiners Report from the McCracken County Coroner's Office will include:

- a Cause of Death page from the Medical Examiner
- the Forensics Pathologist's Autopsy Final Diagnosis page (if autopsy was performed).
- and a Toxicology Report (if toxicology testing was performed).

Anyone requesting a ME Report from the Coroner's Office MUST attach a copy of their photo identification.

Medical Examiner cases take approximately 8-12 weeks from the date of death for completion. All hard copies of the reports are certified by the Coroner's office.
